

Audio-Visual

- Microphone – A cordless lavalier microphone lets Dan move around the room and interact with the audience.
- Visual Aids – LCD Projector and screen for PowerPoint.

Venue Requirements for Keynotes and Workshops

- Dan has no specific requirement for Room Configuration and is extremely flexible.
- Introduction – Even though a sample introduction is included on Dan's website – a customized introduction will be e-mailed to you before the event. Please use the customized introduction as it is specifically designed for your audience.
